

Overview: Instructions for students to log into i-Ready from home

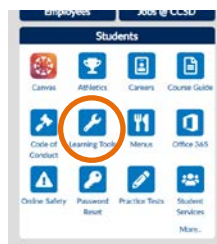

Logging Into i-Ready at Home for CCSD Students

On a Computer or Chromebook:

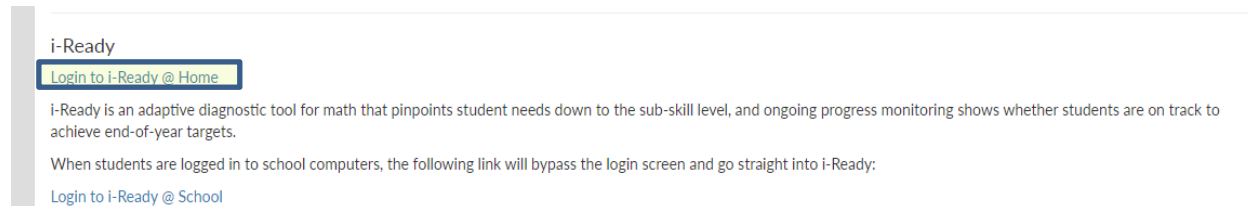

The preferred internet browsers for i-Ready are the most recent versions of Google Chrome or Microsoft Edge.

In a preferred web browser, please navigate to <http://www.cherokeek12.net>

On the CCSD Homepage, select Learning Tools under students:

On the Learning Tools Page, scroll down to i-Ready and select the “Login to i-Ready @ Home” text:

On the sign-in that pops up, enter your student’s login information and password.

The Username is the student’s network ID (example: S123456) without the @cherokeek12.net

The Password is the student’s password that they use for all other CCSD online services.

Logging Into i-Ready at Home for CCSD Students

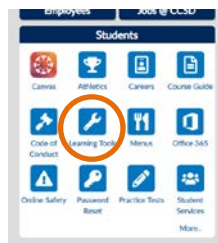

Using an iPad:

Before attempting to access i-Ready on an iPad, the “i-Ready Connect for Students” app must be installed on the device.

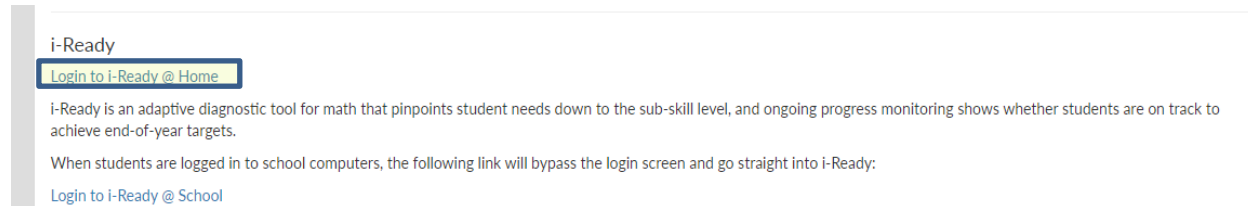

Once the App is installed, the student must go into Safari.

Please navigate to <http://www.cherokeek12.net>.

On the CCSD Homepage, select Learning Tools under students:

On the Learning Tools Page, scroll down to i-Ready and select the “Login to i-Ready @ Home” text:

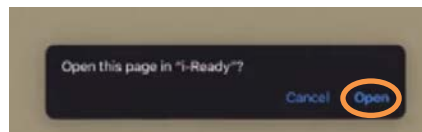

On the sign-in that pops up, enter your student’s login information and password.

The Username is the student’s network ID (example: S123456) without the @cherokeek12.net

The Password is the student’s password that they use for all other CCSD online services.

There will be a pop-up asking to “Open this page in “i-Ready”. Select “Open”
